TO THE TRADE

We have pleasure in presenting our New and Revised Catalogue of Manufactured Stationery. Our aim in prepaing this edition has been to make it as complete as possible.

As we are continually adding new lines to the extensive range which we manufacture, and studying how to make better goods and increase the variety, it is impossible to represent everything carried in stock in a catalogue.

Our Manufacturing Departments, both Bindery and Envelope Factory, are thoroughly equipped with the most modern improved machinery, to which we are constantly adding, so as to produce goods at the lowest possible cost.

We have unexcelled facilities for manufacturing everything that is required in Blank Books, Memorandum Books, etc., low-priced, medium, and high grades, adapted to every special purpose, whether for Mercantile, Educational or personal use.

We also manufacture any special size or shape of Envelopes needed for Commercial or Legal use, or for Pamphlets, Catalogues, etc.

Samples and quotations for Special Lines of any kind promptly mailed on application.

The prices quoted are the figures at which the goods can be retailed with a good margin of profit, and our customers can at all times depend on having their orders filled at manufacturers' lowest market prices.

☞ ***Special attention is given to the Careful and Prompt execution of Orders sent us by Mail, Telegraph or Telephone, and perfect Satisfaction Guaranteed.***
